## About "Classroom of Hope"

A child-friendly school is respectful of all children, and the families and communities of the students are invested in school life as well as the students themselves.

CAS identifies schools that can develop to become Child-Friendly. Once schools are selected, CAS works closely with them to monitor progress and facilitate workshops and training. CAS aims to compensate for any shortcomings in the home and community that might make it difficult for children to enroll in school, attend regularly, and succeed in their studies.
